Mairead Connor
Satter & Connor
608 State Tower Bldg.
Syracuse, NY 13202

Dear Mairead,

Here is the last of the information from the SCM case. Thought you would want to have it for you records. If you have any questions or want anything else let me know.

As you know, I am leaving the Coalition at the end of June. I will be around Ithaca until August 1, but after that I will be leading another life down in Pittsburgh, PA. We are working on interviewing someone to take my place, but there will surely be some down time, till the new person gets acclimated. Please keep in touch with the Coalition however, the interest in these issues is strong here.

It has really been good to work with you, I know we will be in touch again. Take care and if you ever get down to Pittsburgh, give me a call.

In Solidarity,

Coert Bonthius, Coordinator

I hope you will contact me to let me know your feelings about all this as soon as possible.

Thanks so much for all the effort and work you have put into this already. Please know that it is very much appreciated.

In Solidarity,

Coert Bonthius, Coordinator

cc: 'Carol Kates

Frank Barbaro
Assembly Labor Committee
LOB Room 713
Albany, NY 12248

Dear Mr. Barbaro,

' Here is information from the SCM case the Labor Coalition has been working on for the past year. Given you legislation on plant closings we thought you would want to have it for you records. If you have any questions or want anything else let me know.

Please note the letter to Sherwood Boehlert. SCM is getting federal tax breaks as it moves jobs to Singapore.

The SCM is considered by many people involved in monitoring the federal WARN law nationally to be an excellent example of its major flaws. We would be interested in giving you more information of you think it would be helpful.

Thanks for you support.

Sincerely,

Coert Bonthius, Coordinator
